[Publications and video order form](#)

Ref	Title	Cost
V4	The Halliwick Method	1970 £20.00
	This film was made by 'Mac' during a course he was running for the Therapists in Norway. Mac' explained the Physics involved in the Halliwick Method (now 'Concept'). Group activities are demonstrated and finally a boy with Cerebral Palsy is seen swimming independently – he had been trying to swim in a life jacket for 4 years! <u>Suitability:</u> for therapists	
V2	Water Free	1975 £20.00
	This was the first film to be made in GB and shows water activities for Groups in a club session. It ends with a recap of the successful Relay Channel Swim in 1970. <u>Suitability:</u> for therapists and people who might be in a position to provide facilities for water activities.	
V3	Breath Taking	1988 £20.00
	This video was made to demonstrate how essential breath control is in all water activities. It shows many uses of this skill and ends with a Swimming Gala for people with disabilities. <u>Suitability:</u> for all students of the Halliwick Concept	
V5	"another kind of playground"	1993 £10.00
	Shows the use of the Halliwick Method (now 'Concept') in teaching swimming to children with Cerebral Palsy (many severely affected) at the Cheyne Centre in London. Children of all ages and disabilities learn to move freely and independently in water. <u>Suitability:</u> this video will be of particular interest to <u>parents</u> and also therapists.	
V1	Entries, Exits and Supports (Halliwick Concept)	1996 £20.00
	Shows the Halliwick Concept in use with swimmers with disabilities. <u>Suitability:</u> useful for therapists and in training volunteer helpers.
